Dear Mr. Brocklehurst:

On behalf of the board of directors and staff of the Second Harvest Food Bank of North Central Ohio I want to extend our sincere thanks to the Columbia Community Foundation for approving a grant of \$500 for food assistance in our area. This grant comes at a time of particularly high need within our community and will help put additional resources into the hands of those who need it most.

In these difficult economic times, the need for emergency food continues to rise and we sincerely appreciate your commitment to helping families at-risk for hunger. According to Hunger in America 2010, 1 out of every 6 people in our region is receiving help from one of Second Harvest's member agencies.

Thank you for joining us as a partner in the fight against hunger.

Sincerely,

A handwritten signature in black ink, appearing to read "Juliana".
